Government e-Procurement System of National Informatics Centre (GePNIC)

National Informatics Centre

The National Informatics Centre (NIC), has developed its own e-Procurement software solution namely GePNIC to cater to the procurement/tendering requirements of the government departments and organizations to establish transparency in the tendering process, savings of time and money, and the shortening of procurement cycle. The system has been designed taking into account of the tender transparency rules of state governments such as Tamil Nadu, Orissa, West Bengal, and Haryana. The system also follows the guidelines of Central Vigilance Commission, Asian Development Bank and the IT Act 2000.

The GePNIC system has been given Skoch 2010 award under the category of “The World is Open Award-Strengthening of Excellence” on 22nd September 2010 at Delhi.
